AND STEERING.

### DUTTON-LAINSON PIVOTING 2" COUPLER BALL

Model 6397 Coupler Ball, 2 inch. Externally threaded with 3/4 x 1-1/2 inch shank. Polished chrome.

## TOWING TOOLS

*If you must leave the water this season, you might as well make the job easy on you AND your boat.*

### DUTTON-LAINSON 1,400 LB WINCH

1400 lb winch for horizontal pulling applications. High carbon steel gears, permanently lubricated bearings, reversible ratchet, ergonomic handle grip. Zinc TUFFPLATE finish. Handle included.

### DUTTON-LAINSON PIVOTING IMPORT TONGUE JACK

Popular 1200 lb. pivoting import tongue jack, tested to D-L standards. Zinc plated. 11 inches of travel. 1/2 inch swivel handle, 6 inch wheel.

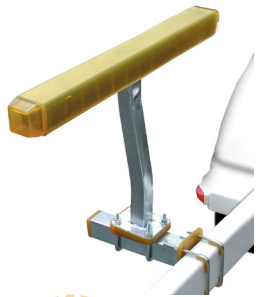

### AMBER 3" BOW ROLLER ASSEMBLY - 1/2" SHAFT

Easily replace a damaged or worn bow roller with this complete roller assembly. This amber colored bow roller assembly consists of one 3" bow roller and two end bell rollers on a 1/2" zinc plated bolt with lock nut. This Hull Sav'r roller has a warranty against fading and cutting.

### HULL SAV'R SHOCK ABSORBING 24" SIDE GUIDE ON'S

Hull Sav'r guides are designed to absorb impact of the hull and protect the boat and trailer's finishes. These 24" long low profile guides fit trailer frames up to 3" wide by 3" or 4" in height. Sold in pairs with all mounting hardware included.

### 5" AMBER HULL SAV'R RIBBED WOBBLE ROLLER KIT

Kit includes four amber colored 5" Hull Sav'r ribbed wobble rollers. Roller dimensions are 5" diameter x 2.96" wide with 1.5" roller shaft diameter. Bushings included to allow use on 1.15" and 7/8" roller shafts. Hog rings and retaining washers are included.

### LED OVER 80" WIDE REAR TRAILER LIGHT KIT

Submersible rear lighting kit for all trailers 80" wide and over. Includes LED tail lights plus license bracket, mounting hardware and installation instructions.

### LED OVAL STOP, TURN, & TAIL LIGHT

22-diodes, oval LED stop, turn and tail light. Suitable for both over 80" and under 80" applications. Hardwired design with either stripped leads or PL3 plug. 9-16 volt operating range.

## SAFE & SECURE

*It's always a good idea to have extra tie downs handy. Our choice is EPCO.*

### 2" ZINC TIE DOWNS

2" wide weather-resistant polypropylene webbing, heavy gauge zinc plated hardware and self-tightening, easy-lock over centering buckle with hook and loop pad to protect surfaces and secure loose ends. (\*1200lb.)

### THE NEW SEASTAR OUTBOARD STEERING CYLINDER

This upgraded cylinder is designed to keep pace with the introduction of heavier higher horsepower engines found on today's new boats.

### SEASTAR BACK MOUNT RACK STEERING SYSTEM

Suitable for use on outboard and stern drive boats. Applies to virtually all power-assisted stern drive boats with wheels up to 16" diameter.

### SEASTAR SAFE-T QC ROTARY STEERING SYSTEM

Just right for power steered boats in which No FeedBack™ systems are not required. Safe-T® QC offers the quick response of three-turn steering, and easy installation with a patented, no-tools-required cable connection at the helm.
